Benefits

XS Whey Protein Powder Formula 2 Chocolate Flavor is a unique combination of 6 different protein variants. It contains a mix of fast- and slow-digesting proteins with 23g protein per serve (42.59% RDA of protein) and 10g EAA and 5g BCAA to repair, recovery and building of muscles. Whey hydrolysate and whey protein isolate get into and are absorbed by your body easily, enabling the muscles to start recovering quickly from heavy training. Sodium caseinate and calcium caseinate provide steady protein replenishment for muscle growth and repair. Therefore, it is ideal for your diverse pre-workout and post-workout needs. It contains 80 mg of calcium per serve to support bone health.

How to use

Take 1 scoop (30 g approx.) of **XS Whey Protein Powder Formula 2 Chocolate Flavor** and add it to a glass of milk, juice, water, or a beverage of your choice. Stir or shake well for a smooth blend.

Recommended Dosage: 1 provided scoop (30 g approx.) of protein powder up to 2 times daily*.

*Based on Recommended Dietary Requirement for protein (i.e. 0.83 g/kg body weight).
